About

Specialized in full-stack development with fronts ends in:
- **Web (React, PHP, JS)**
- **Mobile (Android Native and React-native)**
and back ends in:
- **Api restfull & WebSockets**
- **PHP / slim-microservices**
- **Java**
- **Node.js / Sails / express.js**
- **Apache2**

I’m constantly in search of knowledge, using methodology and techniques to research, update and learn more each time. Strenuous and competitive, I adapt naturally to environments and people, delivering satisfactory results in short time. I feel comfortable working in teams (contributing to the group's evolution) as well as in individual projects.
